UNIFORM CODE — The New York State Uniform Fire Prevention and Building Code, as currently in effect and as hereafter amended from time to time.

VILLAGE — The Village of Camden.

§ 66-3. Code Enforcement Officer; inspectors.

A. The office of Code Enforcement Officer is hereby created. The Code Enforcement Officer shall administer and enforce all the provisions of the Uniform Code, the Energy Code and this chapter. The Code Enforcement Officer shall have the following powers and duties:

- (1) To receive, review, and approve or disapprove applications for building permits, certificates of occupancy/certificates of compliance, temporary certificates, operating permits, and demolition permits and the plans, specifications and construction documents submitted with such applications;

- (2) Upon approval of such applications, to issue building permits, certificates of occupancy/certificates of compliance, temporary certificates, operating permits, and demolition permits and to include in building permits, certificates of occupancy/certificates of compliance, temporary certificates and operating permits such terms and conditions as the Code Enforcement Officer may determine to be appropriate;
 - (3) To conduct construction inspections, inspections to be made prior to the issuance of certificates of occupancy/certificates of compliance, temporary certificates and operating permits, firesafety and property maintenance inspections, inspections incidental to the investigation of complaints, and all other inspections required or permitted under any provision of this chapter;
 - (4) To issue stop-work orders;
 - (5) To review and investigate complaints;
 - (6) To issue orders pursuant to § 66-17A, Compliance orders, of this chapter;
 - (7) To maintain records;
 - (8) To collect fees as set by the Board of Trustees of this Village;
 - (9) To pursue administrative enforcement actions and proceedings;
 - (10) In consultation with this Village's attorney, to pursue such legal actions and proceedings as may be necessary to enforce the Uniform Code, the Energy Code and this chapter, or to abate or correct conditions not in compliance with the Uniform Code, the Energy Code or this chapter; and
 - (11) To exercise all other powers and fulfill all other duties conferred upon the Code Enforcement Officer by this chapter.
- B. The Code Enforcement Officer shall be appointed by the Mayor, subject to the approval of the Board of Trustees of this Village. The Code Enforcement Officer shall possess background experience related to building construction or fire prevention and shall, within the time prescribed by law, obtain such basic training, in-service training, advanced in-service training and other training as the State of New York shall require for code enforcement personnel, and the Code Enforcement Officer shall obtain certification from the State Fire Administrator pursuant to the Executive Law and the regulations promulgated thereunder.
- C. In the event that the Code Enforcement Officer is unable to serve as such for any reason, an individual shall be appointed by the Mayor and approved by the Village Board of Trustees of this Village to serve as Acting Code Enforcement Officer. The Acting Code Enforcement Officer shall, during the term of his or her appointment, exercise all powers and fulfill all duties conferred upon the Code Enforcement Officer by this chapter.
- D. One or more inspectors may be appointed by the Board of Trustees of this Village to act under the supervision and direction of the Code Enforcement Officer and to assist the Code Enforcement Officer in the exercise of the powers and fulfillment of the duties

conferred upon the Code Enforcement Officer by this chapter. Each inspector shall, within the time prescribed by law, obtain such basic training, in-service training, advanced in-service training and other training as the State of New York shall require for code enforcement personnel, and each inspector shall obtain certification from the State Fire Administrator pursuant to the Executive Law and the regulations promulgated thereunder.

- E. The compensation for the Code Enforcement Officer and inspectors shall be fixed from time to time by the Village Board of Trustees of this Village.
- F. No officer or employee of the Building Department shall engage in any activity inconsistent with his duties or with the interests of the Building Department; nor shall he, during the term of his office or employment, be engaged directly or indirectly in any building or fire prevention or warning equipment business, in the furnishing of labor, materials or appliance for the construction, alteration or maintenance of a building or the preparation of plans or specifications thereof with the Village of Camden, excepting only that this provision shall not prohibit any officer or employee from such activities in connection with the construction of a building or structure owned by him and not constructed for sale.
- G. The Code Enforcement Officer may request and shall receive, so far as may be necessary in the discharge of his duties, the assistance and cooperation of the Police, Fire and Health Departments or officers and of all other municipal officials exercising any jurisdiction over the construction, use or occupancy of buildings or the installation of equipment therein.

§ 66-4. Building permits.

- A. Building permits required. Except as otherwise provided in Subsection B of this section, a building permit shall be required for any work which must conform to the Uniform Code and/or the Energy Code, including, but not limited to, the construction, enlargement, alteration, improvement, removal, relocation or demolition of any building or structure or any portion thereof, and the installation of a solid-fuel-burning heating appliance, chimney or flue in any dwelling unit. No person shall commence any work for which a building permit is required without first having obtained a building permit from the Code Enforcement Officer.
- B. Exemptions. No building permit shall be required for work in any of the following categories:
 - (1) Construction or installation of one-story detached structures associated with one- or two-family dwellings or multiple single-family dwellings (townhouses) which are used for tool and storage sheds, playhouses or similar uses, provided the gross floor area is less than 144 square feet (13.38 square meters);
 - (2) Installation of swings and other playground equipment associated with a one- or two-family dwelling or multiple single-family dwellings (townhouses);

- (3) Installation of swimming pools associated with a one- or two-family dwelling or multiple single-family dwellings (townhouses) where such pools are designed for a water depth of less than 24 inches and are installed entirely above ground;
 - (4) Installation of fences which are not part of an enclosure surrounding a swimming pool;
 - (5) Construction of retaining walls, unless such walls support a surcharge or impound Class I, II or IIIA liquids;
 - (6) Construction of temporary motion-picture, television and theater stage sets and scenery;
 - (7) Installation of window awnings supported by an exterior wall of a one- or two-family dwelling or multiple single-family dwellings (townhouses);
 - (8) Installation of partitions or movable cases less than five feet nine inches in height;
 - (9) Painting, wallpapering, tiling, carpeting, or other similar finish work;
 - (10) Installation of listed portable electrical, plumbing, heating, ventilation or cooling equipment or appliances;
 - (11) Replacement of any equipment, provided the replacement does not alter the equipment's listing or render it inconsistent with the equipment's original specifications; or
 - (12) Repairs, provided that such repairs do not involve:
 - (a) The removal or cutting away of a load-bearing wall, partition, or portion thereof, or of any structural beam or load-bearing component;
 - (b) The removal or change of any required means of egress; or the rearrangement of parts of a structure in a manner which affects egress;
 - (c) The enlargement, alteration, replacement or relocation of any building system; or
 - (d) The removal from service of all or part of a fire protection system for any period of time.
- C. Exemption not deemed authorization to perform noncompliant work. The exemption from the requirement to obtain a building permit for work in any category set forth in Subsection B of this section shall not be deemed an authorization for work to be performed in violation of the Uniform Code or the Energy Code.
- D. Applications for building permits. Applications for a building permit shall be made in writing on a form provided by or otherwise acceptable to the Code Enforcement Officer. The application shall be signed by the owner of the property where the work is to be performed or by an authorized agent of the owner. The application shall include such information as the Code Enforcement Officer deems sufficient to permit a determination by the Code Enforcement Officer that the intended work complies with all applicable

requirements of the Uniform Code and the Energy Code. The application shall include or be accompanied by the following information and documentation:

- (1) A description of the proposed work;
 - (2) The Tax Map number and the street address of the premises where the work is to be performed;
 - (3) The occupancy classification of any affected building or structure;
 - (4) Where applicable, a statement of special inspections prepared in accordance with the provisions of the Uniform Code; and
 - (5) At least two sets of construction documents (drawings and/or specifications) which:
 - (a) Define the scope of the proposed work;
 - (b) Are prepared by a New York State registered architect or licensed professional engineer where so required by the Education Law;
 - (c) Indicate with sufficient clarity and detail the nature and extent of the work proposed;
 - (d) Substantiate that the proposed work will comply with the Uniform Code and the Energy Code; and
 - (e) Where applicable, include a site plan that shows any existing and proposed buildings and structures on the site, the location of any existing or proposed well or septic system, the location of the intended work, and the distances between the buildings and structures and the lot lines.
- E. Construction documents. Construction documents will not be accepted as part of an application for a building permit unless they satisfy the requirements set forth in Subsection D(5) of this section. Construction documents which are accepted as part of the application for a building permit shall be marked as accepted by the Code Enforcement Officer in writing or by stamp. One set of the accepted construction documents shall be retained by the Code Enforcement Officer, and one set of the accepted construction documents shall be returned to the applicant to be kept at the work site so as to be available for use by the code enforcement personnel. However, the return of a set of accepted construction documents to the applicant shall not be construed as authorization to commence work, nor as an indication that a building permit will be issued. Work shall not be commenced until and unless a building permit is issued.
- F. Issuance of building permits. An application for a building permit shall be examined to ascertain whether the proposed work is in compliance with the applicable requirements of the Uniform Code and Energy Code. The Code Enforcement Officer shall issue a building permit if the proposed work is in compliance with the applicable requirements of the Uniform Code and Energy Code.
- G. Building permits to be displayed. Building permits shall be visibly displayed at the work site and shall remain visible until the authorized work has been completed.

- H. Work to be performed in accordance with construction documents. All work shall be performed in accordance with the construction documents which were submitted with and accepted as part of the application for the building permit. The building permit shall contain such a directive. The permit holder shall immediately notify the Code Enforcement Officer of any change occurring during the course of the work. The building permit shall contain such a directive. If the Code Enforcement Officer determines that such change warrants a new or amended building permit, such change shall not be made until and unless a new or amended building permit reflecting such change is issued.
- I. Time limits. Building permits shall become invalid unless the authorized work is commenced within six months following the date of issuance. Building permits shall expire 12 months after the date of issuance. A building permit which has become invalid or which has expired pursuant to this subsection may be renewed upon application by the permit holder, payment of the applicable fee, and approval of the application by the Code Enforcement Officer.
- J. Revocation or suspension of building permits. If the Code Enforcement Officer determines that a building permit was issued in error because of incorrect, inaccurate or incomplete information, or that the work for which a building permit was issued violates the Uniform Code or the Energy Code, the Code Enforcement Officer shall revoke the building permit or suspend the building permit until such time as the permit holder demonstrates that all work then completed is in compliance with all applicable provisions of the Uniform Code and the Energy Code and all work then proposed to be performed shall be in compliance with all applicable provisions of the Uniform Code and the Energy Code.
- K. Fee. The fee specified in or determined in accordance with the provisions set forth in § 66-18, Fees, of this chapter must be paid at the time of submission of an application for a building permit, for an amended building permit, or for renewal of a building permit.

§ 66-5. Demolitions.

In the case of demolitions, the Code Enforcement Officer shall not issue a permit until the applicant furnishes a public liability insurance policy issued by a carrier licensed to do business in the State of New York in the sum of \$1,000,000 to \$2,000,000 or such additional coverage as he may determine as necessary to adequately protect the public. Such policy shall be canceled only on 10 days' written notice to the Village and shall be subject to approval as to form by the Village Attorney.

- A. The applicant shall also indicate in his application his method and place of disposal of the debris from the demolition and a plan of the restoration of the property, including filing of all excavations or below-ground-level openings and the capping or removal of sewer and water lines if there is no intention to immediately rebuild on the site.
- B. Failure to restore the property in accordance with the approved plan shall constitute a violation of this section.

§ 66-6. Construction inspections.

- A. Work to remain accessible and exposed. Work shall remain accessible and exposed until inspected and accepted by the Code Enforcement Officer or by an inspector authorized by the Code Enforcement Officer. The permit holder shall notify the Code Enforcement Officer when any element of work described in Subsection B of this section is ready for inspection.
- B. Elements of work to be inspected. The following elements of the construction process shall be inspected, where applicable:
- (1) Work site prior to the issuance of a building permit;
 - (2) Footing and foundation;
 - (3) Preparation for concrete slab;
 - (4) Framing;
 - (5) Building systems, including underground and rough-in;
 - (6) Fire-resistant construction;
 - (7) Fire-resistant penetrations;
 - (8) Solid-fuel-burning heating appliances, chimneys, flues or gas vents;
 - (9) Energy Code compliance; and
 - (10) A final inspection after all work authorized by the building permit has been completed.
- C. Inspection results. After inspection, the work or a portion thereof shall be noted as satisfactory as completed, or the permit holder shall be notified as to where the work fails to comply with the Uniform Code or Energy Code. Work not in compliance with any applicable provision of the Uniform Code or Energy Code shall remain exposed until such work shall have been brought into compliance with all applicable provisions of the Uniform Code and the Energy Code, reinspected, and found satisfactory as completed.
- D. Fee. The fee specified in or determined in accordance with the provisions set forth in § 66-18, Fees, of this chapter must be paid prior to or at the time of each inspection performed pursuant to this section.

§ 66-7. Stop-work orders.

- A. Authority to issue. The Code Enforcement Officer is authorized to issue stop-work orders pursuant to this section. The Code Enforcement Officer shall issue a stop-work order to halt:
- (1) Any work that is determined by the Code Enforcement Officer to be contrary to any applicable provision of the Uniform Code or Energy Code, without regard to whether such work is or is not work for which a building permit is required, and

without regard to whether a building permit has or has not been issued for such work; or

- (2) Any work that is being conducted in a dangerous or unsafe manner in the opinion of the Code Enforcement Officer, without regard to whether such work is or is not work for which a building permit is required, and without regard to whether a building permit has or has not been issued for such work; or
 - (3) Any work for which a building permit is required which is being performed without the required building permit, or under a building permit that has become invalid, has expired, or has been suspended or revoked.
- B. Content of stop-work orders. Stop-work orders shall be in writing, be dated and signed by the Code Enforcement Officer, state the reason or reasons for issuance, and, if applicable, state the conditions which must be satisfied before work will be permitted to resume.
- C. Service of stop-work orders. The Code Enforcement Officer shall cause the stop-work order, or a copy thereof, to be served on the owner of the affected property (and, if the owner is not the permit holder, on the permit holder) personally or by certified mail. The Code Enforcement Officer shall be permitted, but not required, to cause the stop-work order, or a copy thereof, to be served on any builder, architect, tenant, contractor, subcontractor, construction superintendent, or their agents, or any other person taking part or assisting in work affected by the stop-work order, personally or by certified mail; provided, however, that failure to serve any person mentioned in this sentence shall not affect the efficacy of the stop-work order.
- D. Effect of stop-work order. Upon the issuance of a stop-work order, the owner of the affected property, the permit holder and any other person performing, taking part in or assisting in the work shall immediately cease all work which is the subject of the stop-work order.
- E. Remedy not exclusive. The issuance of a stop-work order shall not be the exclusive remedy available to address any event described in Subsection A of this section, and the authority to issue a stop-work order shall be in addition to, and not in substitution for or limitation of, the right and authority to pursue any other remedy or impose any other penalty under § 66-17, Enforcement; penalties for offenses, of this chapter or under any other applicable local law or state law. Any such other remedy or penalty may be pursued at any time, whether prior to, at the time of, or after the issuance of a stop-work order.

§ 66-8. Certificates of occupancy/certificates of compliance.

- A. Certificates of occupancy/certificates of compliance required. A certificate of occupancy/certificate of compliance shall be required for any work which is the subject of a building permit and for all structures, buildings, or portions thereof which are converted from one use or occupancy classification or subclassification to another. Permission to use or occupy a building or structure, or portion thereof, for which a

building permit was previously issued shall be granted only by issuance of a certificate of occupancy/certificate of compliance.

- B. Issuance of certificates of occupancy/certificates of compliance. The Code Enforcement Officer shall issue a certificate of occupancy/certificate of compliance if the work which was the subject of the building permit was completed in accordance with all applicable provisions of the Uniform Code and Energy Code and, if applicable, the structure, building or portion thereof that was converted from one use or occupancy classification or subclassification to another complies with all applicable provisions of the Uniform Code and Energy Code. The Code Enforcement Officer or an inspector authorized by the Code Enforcement Officer shall inspect the building, structure or work prior to the issuance of a certificate of occupancy/certificate of compliance. In addition, where applicable, the following documents, prepared in accordance with the provisions of the Uniform Code by such person or persons as may be designated by or otherwise acceptable to the Code Enforcement Officer, at the expense of the applicant for the certificate of occupancy/certificate of compliance, shall be provided to the Code Enforcement Officer prior to the issuance of the certificate of occupancy/certificate of compliance:
- (1) A written statement of structural observations and/or a final report of special inspections; and
 - (2) Flood hazard certifications.
- C. Contents of certificates of occupancy/certificates of compliance. A certificate of occupancy/certificate of compliance shall contain the following information:
- (1) The building permit number, if any;
 - (2) The date of issuance of the building permit, if any;
 - (3) The name, address and Tax Map number of the property;
 - (4) If the certificate of occupancy/certificate of compliance is not applicable to an entire structure, a description of that portion of the structure for which the certificate of occupancy/certificate of compliance is issued;
 - (5) The use and occupancy classification of the structure;
 - (6) The type of construction of the structure;
 - (7) The assembly occupant load of the structure, if any;
 - (8) If an automatic sprinkler system is provided, a notation as to whether the sprinkler system is required;
 - (9) Any special conditions imposed in connection with the issuance of the building permit; and
 - (10) The signature of the Code Enforcement Officer issuing the certificate of occupancy/certificate of compliance and the date of issuance.

- D. Temporary certificate. The Code Enforcement Officer shall be permitted to issue a temporary certificate allowing the temporary occupancy of a building or structure, or a portion thereof, prior to completion of the work which is the subject of a building permit. However, in no event shall the Code Enforcement Officer issue a temporary certificate unless the Code Enforcement Officer determines that the building or structure, or the portion thereof covered by the temporary certificate, may be occupied safely, that any fire- and smoke-detecting or fire protection equipment which has been installed is operational, and that all required means of egress from the building or structure have been provided. The Code Enforcement Officer may include in a temporary certificate such terms and conditions as he or she deems necessary or appropriate to ensure safety or to further the purposes and intent of the Uniform Code. A temporary certificate shall be effective for a period of time, not to exceed six months, which shall be determined by the Code Enforcement Officer and specified in the temporary certificate. During the specified period of effectiveness of the temporary certificate, the permit holder shall undertake to bring the building or structure into full compliance with all applicable provisions of the Uniform Code and the Energy Code.
- E. Revocation or suspension of certificates. If the Code Enforcement Officer determines that a certificate of occupancy/certificate of compliance or a temporary certificate was issued in error because of incorrect, inaccurate or incomplete information, and if the relevant deficiencies are not corrected to the satisfaction of the Code Enforcement Officer within such period of time as shall be specified by the Code Enforcement Officer, the Code Enforcement Officer shall revoke or suspend such certificate.
- F. Fee. The fee specified in or determined in accordance with the provisions set forth in § 66-18, Fees, of this chapter must be paid at the time of submission of an application for a certificate of occupancy/certificate of compliance or for a temporary certificate.

§ 66-9. Notification regarding fire or explosion.

The chief of any fire department providing fire-fighting services for a property within this Village shall promptly notify the Code Enforcement Officer of any fire or explosion involving any structural damage, fuel-burning appliance, chimney or gas vent.

§ 66-10. Unsafe buildings and structures.

Unsafe structures and equipment in this Village shall be identified and addressed in accordance with the procedures established by Chapter 71 of the Village of Camden Municipal Code, as now in effect or as hereafter amended from time to time.

§ 66-11. Operating permits.

A. Operating permits required.

- (1) Operating permits shall be required for conducting the activities or using the categories of buildings listed below:

- (a) Manufacturing, storing or handling hazardous materials in quantities exceeding those listed in Table 2703.1.1(1), 2703.1.1(2), 2703.1.1(3) or 2703.1.1(4) in the publication entitled "Fire Code of New York State" and incorporated by reference in 19 NYCRR 1225.1;
 - (b) Hazardous processes and activities, including but not limited to commercial and industrial operations which produce combustible dust as a byproduct, fruit and crop ripening, and waste handling;
 - (c) Use of pyrotechnic devices in assembly occupancies;
 - (d) Buildings containing one or more areas of public assembly with an occupant load of 100 persons or more; and
 - (e) Buildings whose use or occupancy classification may pose a substantial potential hazard to public safety, as determined by resolution adopted by the Board of Trustees of this Village.
- (2) Any person who proposes to undertake any activity or to operate any type of building listed in this Subsection A shall be required to obtain an operating permit prior to commencing such activity or operation.
- B. Applications for operating permits. An application for an operating permit shall be in writing on a form provided by or otherwise acceptable to the Code Enforcement Officer. Such application shall include such information as the Code Enforcement Officer deems sufficient to permit a determination by the Code Enforcement Officer that quantities, materials, and activities conform to the requirements of the Uniform Code. If the Code Enforcement Officer determines that tests or reports are necessary to verify conformance, such tests or reports shall be performed or provided by such person or persons as may be designated by or otherwise acceptable to the Code Enforcement Officer, at the expense of the applicant.
- C. Inspections. The Code Enforcement Officer or an inspector authorized by the Code Enforcement Officer shall inspect the subject premises prior to the issuance of an operating permit.
- D. Multiple activities. In any circumstance in which more than one activity listed in Subsection A of this section is to be conducted at a location, the Code Enforcement Officer may require a separate operating permit for each such activity, or the Code Enforcement Officer may, in his or her discretion, issue a single operating permit to apply to all such activities.
- E. Duration of operating permits. Operating permits shall be issued for such period of time, not to exceed one year in the case of any operating permit issued for an area of public assembly and not to exceed three years in any other case, as shall be determined by the Code Enforcement Officer to be consistent with local conditions. The effective period of each operating permit shall be specified in the operating permit. An operating permit may be reissued or renewed upon application to the Code Enforcement Officer, payment of the applicable fee, and approval of such application by the Code Enforcement Officer.

- F. Revocation or suspension of operating permits. If the Code Enforcement Officer determines that any activity or building for which an operating permit was issued does not comply with any applicable provision of the Uniform Code, such operating permit shall be revoked or suspended.
- G. Fee. The fee specified in or determined in accordance with the provisions set forth in § 66-18, Fees, of this chapter must be paid at the time of submission of an application for an operating permit, for an amended operating permit, or for reissue or renewal of an operating permit.

§ 66-12. Electrical inspections.

- A. Authorization to make inspections. The Electrical Inspector and the duly appointed inspectors of the New York Board of Fire Underwriters or other qualified inspection agency approved by the Village are hereby authorized and deputized as agents of the Village to make inspections and reinspections of all electrical installations hereinafter described, and to approve or disapprove the same. In no event, however, will the cost or expense of such inspections and reinspections be a charge against the Village.
- B. Duties of Inspector.
 - (1) It shall be the duty of the Inspector to report to the Code Enforcement Officer all violations of or deviations from or omissions of the electrical provisions of the New York State Uniform Fire Prevention and Building Code, and this code. The Inspector shall make inspections and reinspections of electrical installations in and on properties in the Village upon the written request of the Code Enforcement Officer or Fire Chief or as herein provided.
 - (2) The Inspector is authorized to make inspections and reinspections of electrical wiring installations, devices, appliances and equipment in and on properties within the Village where he deems it necessary for the protection of life and property, with the exception of single-family dwellings. He shall inspect single-family dwellings only upon written request of the Code Enforcement Officer or Fire Chief.
 - (3) In the event of an emergency, it is the duty of the Inspector to make electrical inspections upon the oral request of an official or officer of the Village.
 - (4) It shall be the duty of the Inspector to furnish written reports to the proper official of the Village and owners and/or lessees of property where defective electrical installations and equipment are found upon inspection.
 - (5) He shall authorize the issuing of a certificate of compliance when electrical installations and equipment are in conformity with the New York State Uniform Fire Prevention and Building Code, or with this code and he shall direct that a copy of the certificate of compliance be sent to the Code Enforcement Office.
- C. Schedule of rates. The schedule of rates charged for inspection shall be filed with the Village Clerk and Code Enforcement Officer.

D. Exemption permits.

- (1) The Code Enforcement Officer is empowered and directed to issue a permit granting exemption from the provisions of this section to each person, firm or corporation engaged in the conduct of manufacturing in or on properties in the Village upon written application of such person, firm or corporation, hereinafter called the "applicant," setting forth that:
 - (a) The applicant is engaged in the conduct of manufacturing in the Village.
 - (b) The applicant regularly employs one or more journeyman electricians whose principal duties are the installation, maintenance and repair of electrical machinery, appliances, equipment and wiring for electric light, heat or power, hereinafter called "electrical work," in or upon the premises used by the applicant in the conduct of manufacturing.
 - (c) By reason of the amount and frequency of electrical work so performed upon the applicant's premises, compliance with the provisions of this section would impose an undue burden on the applicant's conduct of manufacturing operations.
- (2) The term "journeyman electrician" shall mean a person who has completed an apprentice course, or received equivalent training, or has equivalent experience of at least three years in electrical work.
- (3) Each permit so issued shall be for a period of one year, and such permit shall be renewed for successive one-year periods upon supplemental application by the applicant, certifying that the statements contained in the original application remain true and correct.

E. Exceptions.

- (1) The provisions of this section shall not apply to the electrical installations in mines, ships, railway cars, automotive equipment or the installations or equipment employed by a railway, electrical or communications utility in the exercise of its function as a utility, and located outdoors or in buildings used exclusively for that purpose.
- (2) This section shall not apply to any work involved in the manufacture, assembly, test or repair of electrical machinery, apparatus, materials and equipment by a person, firm or corporation engaged in electrical manufacturing as its principal business.
- (3) This section shall not apply to any building which is owned or leased in its entirety by the government of the United States or the State of New York.

- F.** No waiver or assumption of liability. This section shall not be construed to relieve from or lessen the responsibility of any person owning, operating, controlling or installing any electrical wiring, devices, appliances or equipment for loss of life or damage to person or property caused by any defect therein, nor shall the Village or the New York Board of Fire Underwriters or other qualified inspection agency approved by the Village be

deemed to have assumed any such liability by reason of any inspection made pursuant to this section.

G. Violations of section.

- (1) It shall be a violation of this section for any person, firm or corporation to install or cause to be installed or to alter or repair electrical wiring for light, heat or power in or on properties in the Village until an application for inspection has been filed with the New York Board of Fire Underwriters or other qualified inspection agency approved by the Village.
- (2) It shall be a violation of this section for a person, firm or corporation to connect or cause to be connected electrical wiring in or on properties for light, heat or power to any source of electrical energy supply prior to the issuance of a temporary certificate or a certificate of compliance by the New York Board of Fire Underwriters or other qualified inspection agency approved by the Village.

§ 66-13. Firesafety and property maintenance inspections.

A. Inspections required. Firesafety and property maintenance inspections of buildings and structures shall be performed by the Code Enforcement Officer or an inspector designated by the Code Enforcement Officer at the following intervals:

- (1) Firesafety and property maintenance inspections of buildings or structures which contain an area of public assembly shall be performed at least once every 12 months.
- (2) Firesafety and property maintenance inspections of buildings or structures being occupied as dormitories shall be performed at least once every 12 months.
- (3) Firesafety and property maintenance inspections of all multiple dwellings not included in Subsection A(1) and (2), and all nonresidential buildings, structures, uses and occupancies not included in Subsection A(1) or (2) shall be performed at least once every 36 months.

B. Inspections permitted. In addition to the inspections required by Subsection A of this section, a firesafety and property maintenance inspection of any building, structure, use, or occupancy, or of any dwelling unit, may also be performed by the Code Enforcement Officer or an inspector designated by the Code Enforcement Officer at any time upon: the request of the owner of the property to be inspected or an authorized agent of such owner; receipt by the Code Enforcement Officer of a written statement alleging that conditions or activities failing to comply with the Uniform Code or Energy Code exist; or receipt by the Code Enforcement Officer of any other information, reasonably believed by the Code Enforcement Officer to be reliable, giving rise to reasonable cause to believe that conditions or activities failing to comply with the Uniform Code or Energy Code exist; provided, however, that nothing in this subsection shall be construed as permitting an inspection under any circumstances under which a court order or warrant permitting such inspection is required, unless such court order or warrant shall have been obtained.

- C. OFPC inspections. Nothing in this section or in any other provision of this chapter shall supersede, limit or impair the powers, duties and responsibilities of the New York State Office of Fire Prevention and Control ("OFPC") and the New York State Fire Administrator under Executive Law § 156-e and Education Law § 807-b. Notwithstanding any other provision of this section to the contrary:
- (1) The Code Enforcement Officer shall not perform firesafety and property maintenance inspections of a building or structure which contains an area of public assembly if OFPC performs firesafety and property maintenance inspections of such building or structure at least once every 12 months;
 - (2) The Code Enforcement Officer shall not perform firesafety and property maintenance inspections of a building or structure occupied as a dormitory if OFPC performs firesafety and property maintenance inspections of such building or structure at least once every 12 months;
 - (3) The Code Enforcement Officer shall not perform firesafety and property maintenance inspections of a multiple dwelling not included in Subsection A(1) or (2) of this section if OFPC performs firesafety and property maintenance inspections of such multiple dwelling at intervals not exceeding the interval specified in Subsection A(3) of this section; and
 - (4) The Code Enforcement Officer shall not perform firesafety and property maintenance inspections of a nonresidential building, structure, use or occupancy not included in Subsection A(1) or (2) of this section if OFPC performs firesafety and property maintenance inspections of such nonresidential building, structure, use or occupancy at intervals not exceeding the interval specified in Subsection A(3) of this section.
- D. Fee. The fee specified in or determined in accordance with the provisions set forth in § 66-18, Fees, of this chapter must be paid prior to or at the time of each inspection performed pursuant to this section. This subsection shall not apply to inspections performed by OFPC.

§ 66-14. Complaints.

The Code Enforcement Officer shall review and investigate complaints which allege or assert the existence of conditions or activities that fail to comply with the Uniform Code, the Energy Code, this chapter, or any other local law, ordinance or regulation adopted for administration and enforcement of the Uniform Code or the Energy Code. The process for responding to a complaint shall include such of the following steps as the Code Enforcement Officer may deem to be appropriate:

- A. Performing an inspection of the conditions and/or activities alleged to be in violation, and documenting the results of such inspection;
- B. If a violation is found to exist, providing the owner of the affected property and any other person who may be responsible for the violation with notice of the violation and

opportunity to abate, correct or cure the violation, or otherwise proceeding in the manner described in § 66-17, Enforcement; penalties for offenses, of this chapter;

- C. If appropriate, issuing a stop-work order;
- D. If a violation which was found to exist is abated or corrected, performing an inspection to ensure that the violation has been abated or corrected, preparing a final written report reflecting such abatement or correction, and filing such report with the complaint.

§ 66-15. Recordkeeping.

- A. The Code Enforcement Officer shall keep permanent official records of all transactions and activities conducted by all code enforcement personnel, including records of:
 - (1) All applications received, reviewed and approved or denied;
 - (2) All plans, specifications and construction documents approved;
 - (3) All building permits, certificates of occupancy/certificates of compliance, temporary certificates, stop-work orders, and operating permits issued;
 - (4) All inspections and tests performed;
 - (5) All statements and reports issued;
 - (6) All complaints received;
 - (7) All investigations conducted;
 - (8) All other features and activities specified in or contemplated by §§ 66-4 through 66-14, inclusive, of this chapter; and
 - (9) All fees charged and collected.
- B. All such records shall be public records open for public inspection during normal business hours. All plans and records pertaining to buildings or structures, or appurtenances thereto, shall be retained for at least the minimum time period so required by state law and regulation.

§ 66-16. Program review and reporting.

- A. The Code Enforcement Officer shall annually submit to the Village Board of Trustees of this Village a written report and summary of all business conducted by the Code Enforcement Officer and the inspectors, including a report and summary of all transactions and activities described in § 66-15, Recordkeeping, of this chapter and a report and summary of all appeals or litigation pending or concluded.
- B. The Code Enforcement Officer shall annually submit to the Secretary of State, on behalf of this Village, on a form prescribed by the Secretary of State, a report of the activities of this Village relative to administration and enforcement of the Uniform Code.

- C. The Code Enforcement Officer shall, upon request of the New York State Department of State, provide to the New York State Department of State, from the records and related materials this Village is required to maintain, excerpts, summaries, tabulations, statistics and other information and accounts of the activities of this Village in connection with administration and enforcement of the Uniform Code.

§ 66-17. Enforcement; penalties for offenses.

- A. Compliance orders. The Code Enforcement Officer is authorized to order, in writing, the remedying of any condition or activity found to exist in, on or about any building, structure, or premises in violation of the Uniform Code, the Energy Code, or this chapter. Upon finding that any such condition or activity exists, the Code Enforcement Officer shall issue a compliance order. The compliance order shall be in writing; be dated and signed by the Code Enforcement Officer; specify the condition or activity that violates the Uniform Code, the Energy Code, or this chapter; specify the provision or provisions of the Uniform Code, the Energy Code, or this chapter which is/are violated by the specified condition or activity; specify the period of time which the Code Enforcement Officer deems to be reasonably necessary for achieving compliance; direct that compliance be achieved within the specified period of time; and state that an action or proceeding to compel compliance may be instituted if compliance is not achieved within the specified period of time. The Code Enforcement Officer shall cause the compliance order, or a copy thereof, to be served on the owner of the affected property personally or by certified mail. The Code Enforcement Officer shall be permitted, but not required, to cause the compliance order, or a copy thereof, to be served on any builder, architect, tenant, contractor, subcontractor, construction superintendent, or their agents, or any other person taking part or assisting in work being performed at the affected property personally or by certified mail; provided, however, that failure to serve any person mentioned in this sentence shall not affect the efficacy of the compliance order.
- B. Appearance tickets. The Code Enforcement Officer and each inspector are authorized to issue appearance tickets for any violation of the Uniform Code.
- C. Civil penalties. In addition to those penalties prescribed by state law, any person who violates any provision of the Uniform Code, the Energy Code or this chapter, or any term or condition of any building permit, certificate of occupancy/certificate of compliance, temporary certificate, stop-work order, operating permit or other notice or order issued by the Code Enforcement Officer pursuant to any provision of this chapter, shall be liable to a civil penalty of not more than \$200 for each day or part thereof during which such violation continues. The civil penalties provided by this subsection shall be recoverable in an action instituted in the name of this Village.
- D. Injunctive relief. An action or proceeding may be instituted in the name of this Village, in a court of competent jurisdiction, to prevent, restrain, enjoin, correct, or abate any violation of, or to enforce, any provision of the Uniform Code, the Energy Code, this chapter, or any term or condition of any building permit, certificate of occupancy/certificate of compliance, temporary certificate, stop-work order, operating permit, compliance order, or other notice or order issued by the Code Enforcement Officer pursuant to any provision of this chapter. In particular, but not by way of

limitation, where the construction or use of a building or structure is in violation of any provision of the Uniform Code, the Energy Code, this chapter, or any stop-work order, compliance order or other order obtained under the Uniform Code, the Energy Code or this chapter, an action or proceeding may be commenced in the name of this Village, in the Supreme Court or in any other court having the requisite jurisdiction, to obtain an order directing the removal of the building or structure or an abatement of the condition in violation of such provisions. No action or proceeding described in this subsection shall be commenced without the appropriate authorization from the Board of Trustees of this Village.

- E. Remedies not exclusive. No remedy or penalty specified in this section shall be the exclusive remedy or penalty available to address any violation described in this section, and each remedy or penalty specified in this section shall be in addition to, and not in substitution for or limitation of, the other remedies or penalties specified in this section, in § 66-7, Stop-work orders, of this chapter, in any other section of this chapter, or in any other applicable law. Any remedy or penalty specified in this section may be pursued at any time, whether prior to, simultaneously with, or after the pursuit of any other remedy or penalty specified in this section, in § 66-7, Stop-work orders, of this chapter, in any other section of this chapter, or in any other applicable law. In particular, but not by way of limitation, each remedy and penalty specified in this section shall be in addition to, and not in substitution for or limitation of, the penalties specified in Subdivision (2) of § 382 of the Executive Law, and any remedy or penalty specified in this section may be pursued at any time, whether prior to, simultaneously with, or after the pursuit of any penalty specified in Subdivision (2) of § 382 of the Executive Law.

§ 66-18. Fees.

A fee schedule shall be established by resolution of the Board of Trustees of this Village. Such fee schedule may thereafter be amended from time to time by like resolution. The fees set forth in, or determined in accordance with, such fee schedule or amended fee schedule shall be charged and collected for the submission of applications, the issuance of building permits, amended building permits, renewed building permits, certificates of occupancy/certificates of compliance, temporary certificates, operating permits, firesafety and property maintenance inspections, and other actions of the Code Enforcement Officer described in or contemplated by this chapter.

§ 66-19. Intermunicipal agreements.

The Village Board of Trustees of this Village may, by resolution, authorize the Mayor of this Village to enter into an agreement, in the name of this Village, with other governments to carry out the terms of this chapter, provided that such agreement does not violate any provision of the Uniform Code, the Energy Code, Part 1203 of Title 19 of the NYCRR, or any other applicable law.
